PREFACE.

The Directory of Newark for 1898 is herewith presented to its numerous patrons, and will compare favorably, not only with its predecessors, but with similar publications throughout the country, either for accuracy or mechanical finish. Indeed, it is generally admitted that the Newark Directory is one of the best issued.

There were difficulties encountered this year in making the canvass for names that are not usual, but in most instances they were overcome by a corresponding amount of exertion. One, however, gave much trouble, and doubtless many names were not taken from this cause that should appear in the book. The declaration of war with Spain caused great fright among many of our citizens of foreign birth, who at all times are reluctant to give their names for the Directory, under the impression that their taxes will be affected or their personal liberty jeopardized, but this year they were fearful of being drafted into the army, and they were so vehement in their refusals that the canvassers were often forced to retreat hastily. This has resulted in a small reduction of the number of names in the book.

The total number of names is 75,861, exclusive of Harrison and Kearny. Of these 2,041 are firms, corporations, etc., and 1,580 are buildings, halls and parks. This would leave the total number of individual names 72,240, and would make the population 252,840 if figured out by the usual methods. The actual population, however, is several thousand more than these figures make it.

J. BROCKIE & CO. 3 RAILROAD PLACE, NEWARK, N. J. { SAIL MAKERS AND SHIP CHANDLERS

ARLINGTON CEMETERY.

Established with especial reference to the needs and convenience of NEWARK AND JERSEY CITY.

These views illustrate the "Landscape Lawn System" for the laying out and care of Cemetery Grounds, which is now almost universal in first-class modern cemeteries.

ARLINGTON CEMETERY was the first in New Jersey to adopt this system.

Its beauty and neatness have always been admired. Its lot owners have no expense for fencing, no assessments for care of grounds.

Permanent marking of boundaries of lots without extra charge.

Full information as to lots, prices and terms of payment may be obtained at

No. 239 Washington Street, Jersey City, Telephone No. 521.

At No. 345 Broad Street, Newark, near Clay Street.

Or at the Cemetery Grounds, Telephone No. 7 F Arlington.

ARLINGTON CEMETERY.

On the Easterly Slope of the Kearney Ridge, at the North end of the Village of Arlington, N. J.

Under the most careful management affording the fullest protection to the interests of proprietors. Secluded and picturesque.

Thoroughly up to date in its plans and methods, and not excelled by any in its care of lots and grounds without assessments upon owners.

A lot is cared for with the same neatness whether the family make weekly visits or are a thousand miles away.

Purchasers desiring time for any portion of their payments can be accommodated.

Full information at the CEMETERY, Telephone 7 F Arlington

At office No. 345 Broad St., Newark, near Clay Street

Or No. 239 Washington St., Jersey City, Telephone 521

J. BROCKIE & CO. 8 RAILROAD PLACE, NEWARK, N. J. CANOPIES FOR CHURCH and HOUSE WEDDINGS

A. J. CONNOLLY

CONTRACTOR FOR

Artesian Wells and Water Supply

100 SOUTH TENTH STREET, NEWARK

Pumps, Pipes and Fittings at lowest prices

INFORMATION FURNISHED ON APPLICATION

I make a specialty of furnishing a water supply from drilled wells for cities, towns, manufacturing companies, and others using large quantities of water for domestic and other purposes, in all parts of the country; also for sinking oil and gas wells.

I have the most improved method for sinking pipe wells from two to twenty-four inches in diameter, to any depth required, also, the most effective method of pumping water from wells by air pressure.

Will also make examinations of grounds, and locate subterranean streams for water, oil and gas, by an entirely new discovery.

Test borings made for foundations of buildings, bridges, minerals and salt.

It will be a saving and of great advantage to owners of private residences and factories to have an independent water supply from an artesian well on their own premises, thus preventing water bills.

I use the most approved tools and machinery and employ none but skilled mechanics, thus insuring to my patrons prompt service and entire satisfaction.

If you are interested, and desire a reliable water supply, let me hear from you, and I will quote you a low price consistent with good work, as I am prepared to contract for any size well; also for air compressors, wind mills, pumps, etc.

I call attention to the numerous wells that I have sunk throughout this vicinity and in many parts of the country, and have recently finished forty-seven wells (eight and ten inch) for the Elizabethtown Water Company, of Elizabeth, N. J., which now furnishes the city of Elizabeth with a water supply.

Information cheerfully furnished on application.
